VOLUME CVIII.--NO. 70. ALEXANDRIA, VA., FRIDAY EVENING, MARCH 22, 1907. PRICE 2 CENTS.

Dr. Pierce's Favorite Prescription,

Is not a secret or patent medicine, against which the most intelligent people are quite naturally averse because of the uncertainty as to their harmless character, but is a medicine OF KNOWN COMPOSITION, a full list of all its ingredients being printed, *in plain English*, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure glycerine taking the place of the commonly used alcohol, in its make-up. The "Favorite Prescription" of Dr. Pierce is in fact the only medicine put up for the cure of woman's peculiar weaknesses and ailments, sold through druggists, that does not contain alcohol *and that too in large quantities*. Furthermore, it is the only medicine for woman's special diseases, the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of some of these endorsements will be sent to any address, postpaid, and absolutely *free* if you request same by postal card or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Don't forget that Dr. Pierce's Favorite Prescription, for woman's weaknesses and delicate ailments, is not a patent or secret medicine, being the "Favorite Prescription" of a regularly educated and graduated physician, engaged in the practice of his chosen specialty—that of diseases of women—that its ingredients are printed *in plain English* on every bottle-wrapper; that it is the only medicine especially designed for the cure of woman's diseases that contains no alcohol, and the only one that has a professional endorsement worth more than all the so-called "testimonials" ever published for other medicines. Send for these endorsements as above. They are *free* for the asking.

If you suffer from periodical, headache, backache, dizziness, pain or dragging down sensation low down in the abdomen, weak back, have disagreeable and weakening, catarrhal, pelvic drain, or are in distress from being long on your feet, then you may be sure of benefit from taking Dr. Pierce's Favorite Prescription.

Dr. Pierce's Pleasant Pellets the best laxative and regulator of the bowels. They invigorate stomach, liver and bowels. One a laxative; two or three a cathartic.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., [illegible] Mich.

Two sizes—50 cents and $1.00.

E. S. Leadbeater & Sons, Special Agents.

Constipation

Baked sweet apples, with some people, bring prompt relief for Constipation. With others, coarse all-wheat bread will have the same effect. Nature undoubtedly has a vegetable remedy to relieve every ailment known to man, if physicians can but find Nature's way to health. And this is strikingly true with regard to Constipation.

The bark of a certain tree in California—Cascara Sagrada—offers a most excellent aid to this end. But, combined with Egyptian Senna, Slippery Elm Bark, Solid Extract of Prunes, etc., this same Cascara bark is given its greatest possible power to correct constipation. A toothsome Candy Tablet, called Lax-ets, is now made at the Dr. Shoop Laboratories, from this ingenuous and most effective prescription. Its effect on Constipation, Biliousness, Sour Stomach, Bad Breath, Sallow Complexion, etc., is indeed prompt and satisfying.

No griping, no unpleasant after effects are experienced, and Lax-ets are put up in beautiful lithographed metal boxes at 6 cents and 25 cents per box.

For something new, nice, economical and effective, try a box of

GREAT PROFIT IN LIVE STOCK.

G. W. Koiner, commissioner of agriculture, has just begun issuing his annual report.

In his report to the Governor Mr. Koiner says:

"Nearly 200,000 bulletins have been sent out to our farmers this year. The demand for printed information by our farmers is increasing from year to year. They are having more faith in scientific agriculture. They are using more brain with brawn, which goes to make a good farmer, and good farmers are the best assets a State can have. The products of Virginia farms are now worth $70,000,000 per year, and Virginia is the wealthiest State in the South, except Texas.

"The soil is the basis of all wealth and prosperity. Our farmers are giving more attention to improving their land; more cowpeas and other nitrogen-gathering and humus-making plants are grown now than in former years. More labor-saving machinery is used; the hay crop has doubled in 10 years, and more live stock is kept.

"One-third of our farmers derive their principal income from live stock. Trucking in Virginia has increased nearly 500 per cent. within the last 10 years. The canning industry in one county last year reached $800,000. The peanut crop of this State is much larger now than was the entire crop in the United States a few years past. More fruit trees have been set within the past five years than in the past twenty-five years. Many farmers are offering a part of their land for sale, and farming better on a smaller acreage. The average size of Virginia farms has decreased in the past 25 years from 400 to less than 200 acres, and the number of farms has increased from 75,000 to 160,000. The value of our land is increasing from year to year. In some sections of the State land has increased from 50 to 100 per cent. within a few years."

The report is handsomely illustrated with photographic reproductions showing crowds attending the farmers' institutes, improved methods of farming, tree pruning, methods of fertilization, fine orchards in the State, arbor culture, fruits, poultry and cattle lands and various other scenes. Under the general head of information of value to the farmer the report gives a vast array of information all of which is helpful on the farm.

U. S. SAILORS LANDED.

Word was received in Washington late last night that U. S. sailors had been landed at Ceibu and Trujillo, Honduras, under orders from Commander Fulliam, commanding the American gunboat Marietta.

The Marietta is a comparatively small gunboat, but the Paducah is in the immediate vicinity, and the cruiser Chicago is also near by.

In the absence of any official statement as to the object of the landing of the sailors it was claimed that it could be prompted by but one of two courses.

Either the naval commanders on the scene had reason to believe that United States interests were not being properly protected, or the great unrest on the part of foreign governments, occasioned by the disturbed state of affairs in Central America, had led to the intervention of this country as a means of preventing aggressive action by foreign powers.

The United States and Mexico stand ready, it is believed, to extend their good offices toward bringing about a settlement of the controversy between Nicaragua and Honduras as soon as these two countries indicate a willingness to listen to the advice and suggestion of their friends.

The New—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S. Leadbeater & Sons, druggists.

New Stamps Nearly Ready.

Two designs for the one and two cent stamps for the Jamestown Exposition are now being engraved at the Bureau of Engraving and Printing. According to the order of the Postmaster General, 150,000,000 of these stamps will be turned out. Fifty million will be of the one-cent variety and the remaining 100,000,000 of the two-cent stamps.

The engravings are well along in the course of completion, and the process of printing, gluing and preparing the exposition stamps for the market will begin within the next week. Thomas J. Sullivan, director of the bureau, believes that the stamps will be on the market and distributed among the various postoffices of the United States by the time the great show is opened, the latter part of next month.

The new one-cent stamp for use during the time the fair is open will contain a portrait of Capt. John Smith, accompanied by the usual designs about the edges. The two-cent stamp will be a little more elaborate and contain a representation of the landing at Jamestown in 1607.

Death from Exposure.

Wm. Harding, a somnambulist, aged sixty-five years, died at his home in Raritan, N. J., yesterday as the result of exposure from a thrilling midnight adventure in the snow on the James B. Duke estate several weeks ago. Harding left his bed and walked in his bare feet over the snow to the Duke estate. The old man was found in scant attire by a watchman on the estate. He was discovered near a boathouse, standing in the road with outstretched arms that were frozen stiff. His pitiful cries for help attracted the attention of the watchman. Harding was unable to account for his presence on the estate, and he had been awakened by the intense cold and found himself unable to move and he had stood in one spot for a long time shouting for assistance. His hands and feet were so badly frozen that it was necessary to take him to a boiler room on the estate and thaw him out. Harding never fully recovered from his terrible experience, but his death yesterday was unexpected. He was a builder and had lived in Raritan for many years.

Piles of people have Piles. Why suffer from piles when you can use DeWitt's Carbolized Witch Hazel Salve and get relief. Nothing else so good. Beware of imitations. See that the name is stamped on each box. Sold by W. F. Creighton & Co., 401 King street.

Many sufferers from nasal catarrh say they get splendid results by using an atomizer For their benefit we prepare Ely's Liquid Cream Balm. Except that it is liquid it is in all respects like the healing, helpful, pain-allaying Cream Balm that the public has been familiar with for years. No cocaine nor other dangerous drug in it. The soothing spray relieves at once and cure is certain. All druggists, 75c, including spraying tube, or mailed by Ely Bros., 56 Warren Street New York.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

FRIDAY EVENING, MAR. 22, 1907.

AFTER a trial lasting about nine weeks the status of the case of Harry Thaw, indicted for the murder of Stanford White in New York, may be summed up in a short space. The insanity plea will doubtless save the young criminal from the electric chair. The law of New York states that the only form of insanity which excuses murder is that in which the slayer does not know he is doing a wrong act. But if his mental state is such that he does realize that he is doing a wrong, the law does not take into account any insane impulse he may be unable to overcome. All of Jerome's experts say Thaw was insane when he shot Stanford White, but that he was sane enough to know the act was wrong, and that he has paranoia now and should be locked up. Thaw's experts maintain the prisoner was of unsound mind at the time of the shooting, did not know the act was wrong, and is sane now. The prosecution's experts hold that a man may be insane from the medical viewpoint and be sane so far as the provisions of the statute are concerned. The precedent set in the Thaw case is questionable, as every red-handed murderer can in future entrench himself behind paranoia or brain storm. During the trial an attempt was made to open another avenue of escape for Thaw when the defense suggested that he was a sufferer from "logorrhea." Had this affliction been regarded as an excuse for premeditated murder, it would have been impossible to inflict capital punishment in any case, as the large majority of the human race is more or less subject to this distemper.

DISPATCHES sent out from Richmond state that considerable comment has been indulged in there over the lack of courtesy shown to Senator Tillman, who arrived in Richmond Friday afternoon to speak at the Y. M. C. A. hall that night under the auspices of the Y. M. C. A. entertainment and lecture committee. Senator Tillman was not met at the train, and no one appeared at his hotel on the evening to show him to the Y. M. C. A. building. He arrived at the hall after 9 o'clock, after the audience had been kept waiting nearly an hour. With characteristic frankness Senator Tillman told his audience exactly why he had disappointed them in appearing late. Richmond since the war has lost in hospitality and courtesy as much as she has gained by her commercialism and many people of the old South think the appellation, "New Boston," is deserved.

SOME writers in the Washington newspapers are endeavoring to take from Mr. M. B. Harlow, of this city, and bestow upon the late E. W. Fox, of Washington, the credit of having originated the Mt. Vernon avenue idea. The truth of the matter is that at the time the subject was first discussed Mr. Fox was the editor of the National Republican, which, being the republican organ in Washington, had considerable influence, and Mr. Harlow was so anxious to have the avenue built that he would have gladly let Mr. Fox, or any one else, have the credit for originating the idea. But no one in Alexandria can be persuaded to believe anything else than that Mr. Harlow originated the idea of constructing a magnificent avenue from Washington to Mt. Vernon.

Washington, March 22.

In landing marines at the Honduran ports of Ceiba, Truxilla and Puerto Cortez, Commander Fullam, of the U. S. gunboat Marietta, has, it is said, responded to appeals made by the United States consuls. These places are the fruit exporting ports on the northern, or Carribbean, coast of Honduras at which American interests are largest. Both Truxillo and Ceiba are said to have been captured, after bombardment, by combined land and naval forces of Nicaragua operating in conjunction with Honduran revolutionists, and Puerta Cortez is said to be threatened. With a hostile force in control of these towns, American and foreign interests might be seriously affected and trade interfered with, and it was to prevent this that the American landing parties were put ashore. They will also see to it that the rules of international warfare are observed and that there is no looting or undue oppression of the non-combatant inhabitants. With practically the whole northern coast of Honduras at the mercy of Nicaragua and with the latter victorious in the neighborhood of Tegucigalpa, the Honduran capital, it is believed that the moment is fast approaching when Honduras and Salvador—the latter having apparently thrown in her lot with the former—will be willing to listen to offers of mediation from the United States and Mexico. Secretary Root and Ambassador Creel, of Mexico, have been in frequent consultation regarding the situation and are ready, whenever the moment seems to be propitious, to once more offer the united services of the two powers to bring about peace. A joint demand from the United States and Mexico that the fighting cease, backed up, as it would be, by the four United States war vessels now patrolling the coasts of Central America, would probably be effective. A court of arbitration would then be created for the settlement of the differences of the belligerents.

Senor Cores, the Nicaraguan Minister, was an early caller at the State Department this morning. It is believed that he was sent for. He was in conference with Assistant Secretary Bacon for about an hour. While neither party to the conference would discuss the subject in detail it can be stated that the Nicaraguan Minister was urged to bring pressure upon his government to accept the good offices of the United States and Mexico for the purpose of bringing the fighting to a close and to settle the differences between the warring republics by means of arbitration. Immediately after leaving the State Department Minister Cores hastened to the Mexican Embassy where he had a consultatron with Ambassador Creel. The latter has been working with Secretary Root to bring about a cessation of hostilities in Central America. It is hoped that as a result of representations which he has received from these two sources Minister Cores will be able to put the situation in such a light to his home government that Zelaya will be willing to listen to the peaceful suggestions of Mexico and this country. The State Department today received the following dispatch from U. S. Consul Olivarez at Managua, Nicaragua: "This government reports that on March 18, an army of 5,000 Salvadorians and 1,000 Hondurans, commanded by Gen. Presa, a Salvadorian, attacked a Nicaraguan vanguard near Namasique, Honduras. The battle lasted three days and resulted in a complete routing of the Salvadoreans, who lost 1,000 killed. Nicaragua has 20,000 men at the front and will commence an attack on Choluteca and Tegucigalpa."

The variety of subjects that Secretary Taft will have to handle during the five or six weeks that he will be absent on his coming trip to Panama, Cuba and Porto Rico, would be enough to frighten the average man. He will endeavor to be the impartial investigator, the pacificator, the mediator, judge, counsellor and friend to all. He will try to round off rough edges and to establish friendship on a firmer basis. It is admitted that one of the main objects of his visit to Panama is to determine whether locks and dams can be built at Gatun. Eminent engineers differ. Upon the outcome depends the construction of the gigantic enterprise upon present plans. Outside of this there are a number of questions that have caused friction between the officials of the canal zone and the Panamanians originating largely through the differences in prices on food and luxuries because of tariff duties. The question of tariff figures also in other differences. The Taft party will leave here tomorrow afternoon for Charleston, S. C., where they will board the U. S. ship Mayflower Sunday. On the return trip, President Roosevelt has asked Secretary Taft to stop at Havana to look into the developments of the Cuban situation. He will have important consultations with Governor Magoon and will renew acquaintance with the leaders of the various Cuban political parties. His report as to the readiness of the people to proceed to the election of new officers will largely decide the question as to whether the Cubans shall be permitted again to try an independent government or whether the United States shall establish a protectorate over the island. The Secretary will later proceed to Porto Rico to investigate matters of administration. It is believed he will hold out to them the hope of citizenship in the near future.

Families prominently identified with the big financial and railroad interests are building winter residences here and are preparing to entertain lavishly.

Representative William A. Jones of Virginia and Mrs. Jones will go to Havana in a few days. Mr. Jones has been in poor health for some months.

President Roosevelt has signed executive orders providing for wholesale changes, in the local government of the canal zone, and Richard Reed Rogers, general counsel for the Istumian Canal Commission, will go the canal zone with Secretary Taft to put them into effect. The five municipal governments which now exist in canal zone will be replaced by four administrative districts under the direct control of canal commissioners. The municipal governments were found to be wholly unsatisfactory.

A. S. Lawshe, of Indiana, took the oath as Third Assistant Postmaster General this afternoon, succeeding Edwin C. Madden, a labor leader, who has held the job for several years.

The police today arrested Harry Kennard and Alexander P. Riedel, two alleged confidence men. They are said to be wanted at Chester, Pennsylvania and Camden, N. J.

Norwegian Steamer Seized.

Mobile Ala., March, 22.—A report of the seizure by the Hondurans at Ceiba of the Norwegian steamer Habilsi; the tearing down of the Norwegian flag, and the hoisting in its place of the Honduran banner, was brought here today by the crew of the steamer Columbia, direct from Honduras. The Norwegian vessel was taken by three hundred Hondurans, but after they had held it six hours, they suddenly disembarked upon receiving an order from President Bonilla. The soldiers intended to proceed with the ship to Puerto Cortez, and there take on more soldiers. They then planned to go to Truxillo and retake the city. When the Columbia left the Hondurans were preparing to attack Truxillo. Passengers on the ship say that the women and children at Truxillo were living in the bushes outside the city, fearing an attack. At least 600 men were conscripted at Ceiba.

End of World at Hand.

York, Pa., March 22.—Evangelist Henry S. Test, who gained fame as a prophet by warning, as he asserted, President McKinley of his coming death, has come forward again. He says the end of the world is at hand, but he prudently refrains from giving the exact time.

Prophet Test has been traveling through the South exhorting the wicked to mend their ways, and he believes that the north should be advised of what is to come.

Test is now in the home town of Prophet Splangler, who has something of a reputation himself. Spangler is a trifle more specific about his predictions. For instance, he declares that New York city is to be shaken by an earthquake this year.

The Erie Railroad has stopped construction work owing to threats of hostile legislation.

News of the Day.

It is proposed to insert a clause in the new French income tax bill imposing an additional one per cent. tax upon bachelors and spinsters.

Albert C. Williams, formerly a professor in Illinois educational institutions, went to a poorhouse yesterday after losing $12,000 in slot machines.

The report from Winchester regarding an episode at the Berkeley Club, in Martinsburg, W Va., between several business men and Senator Tillman is denied.

A son with twelve toes and thirteen fingers has just been born to Mr. and Mrs. Leon Shockley, of Trenton N. J. There are seven fingers on one hand and six on the other and six toes on each foot.

S. A. D. Puter, in the trial of Binger Hermann, in Washington, yesterday, acknowledged that he had tried to bribe a jury in his own case, and that he expected the government to be lenient because he testified in other cases.

St. Louis sweltered in mid-summer weather yesterday with the official Weather Bureau thermometer reading 90 degrees at 3 p. m., and thermometers on Broadway, not in the sun, but close to the superheated pavement, registered 95 degrees at the same hour.

Alarmed by the extinction of Protestant churches in the sections of Philadelphia populated by foreigners, the Philadelphia Conference of the Methodist Episcopal Church, which is meeting in the Park Avenue Church, took steps yesterday to find means of saving other congregations which are threatened with a like fate.

Rev. E. W. McCarty, of St. Augustine's Church, at Sixth avenue and Sterling place, New York, and Rev. Father Casey, one of his assistants, caught a man robbing the poor boxes in the church yesterday after a severe struggle. The man was detected by a woman who was at her prayers, and she quietly gave an alarm.

Mr. Stuyvesant Fish, in an address to the students of the Wharton School of Finance of the University of Pennsylvania, yesterday declared that President Roosevelt was in no way responsible for the flurry in Wall street. Not once did Mr. Fish mention the name of Edward H. Harriman, but the identity of the man he was aiming at was plain and he scored him severely.

Taking issue with John D. Rockefeller's reported statement that in his belief strict federal control of all trunk lines is necessary and that railroads in this country are overcapitalized, Edward H. Harriman is reported as having expressed opposite opinions on both these important questions. On other subjects the views of Mr. Harriman and Mr. Rockefeller are very similar.

The man named Butloss arrested in Paris recently with $42,000 in American securities in his possession under the suspicion that he was an accomplice of the thieves who stole a mail bag containing about $400,000 on the French line steamer La Savoie, which arrived January 25, has made a confession, implicating a gang of international robbers, as the result of which other arrests are expected immediately.

After Southern and B. & O.

The State Corporation Commission has issued a summons upon the Baltimore and Ohio Railroad Company and the Southern Railway Company to appear before that body in Richmond on the 28th day of March at 11 o'clock in the morning, when the commission will investigate the matter of the alleged inadequacy and insufficiency of the station building at Strasburg Junction, which station is used jointly by these two railroads. The present station at this point, while it is jointly by these two roads, is small, and has but one waiting room for both white and colored passengers. The commission on a recent inspection trip made objection to this station, and has now set the matter for a formal hearing.

New York Stock Market.

New York, March 22.—Price movements throughout the first hour were irregular and the tone of the trading was unsettled. All the stocks traded in here showed some loss compared with yesterdays closing figures. Erie was one of the weak features on rumors in regard to financial affairs of the company. The feature of the industrial list was a demonstration of strength in AmericanSmelting, but this stock also joined the downward movement reacting from 123 to 122. In government bonds the old fours rose 1-2 and the new fours 1-4 per cent.

Today's Telegraphic News

The Thaw Trial.

New York, Mar. 22—Harry Thaw's lawyers were jubliant today after a complete examination of District Attorney Jerome's affidavits on which he bases his demand for a lunacy commission presented to the court yesterday. In these affidavits the defendant's attorneys could find none of the facts which Jerome, in his speech on Wednesday, declared would shock the court and the community so that the trial would be stopped instantly.

If a commission is named, it will consist of one lawyer, one scientist, and a laymen. The commission has power to summon witnesses and there is no scope to the breadth of its examination. All facts tending to assist in determining the present mental condition of the prisoner may be brought out. The justice is bound by the findings of a commission, and must order the trial to proceed or commit the defendant to an asylum according to the report of the lunacy board.

Justice Fitzgerald arrived at the criminal courts building shortly before 11:30 and excused the Thaw jury until 10:30 Wednesday morning.

All Thaw's relatives were in the court room when the brief hearing began, Justice Fitzgerald having allowed them the privilege.

Lawyer Hartride reopened the matter of Jerome's declaration on Wednesday, that if he found Thaw's counsel had certain information he believed they had, he would take the matter to the Appellate Division.

Jerome explained he had not meant to accuse Hartridge and the other attorneys of unprofessional conduct, and after Hartridge had made a brief statement explaining his position, adjournment was taken.

Neither Delmas nor Gleason were in the court room during the brief proceedings, it being understood they were busy preparing the affidavit to be handed to Justice Fitzgerald tomorrow to offset Jerome's demand for a commission.

Justice Fitzgerald will notify the attorneys in the case on Monday or Tuesday if he desires further evidence as to Thaw" sanity presented to him, or wishes argument on the subject.

Court will assemble formally a moment on Monday so that the January term of the court, which is being continued for the Thaw trial, may be resumed for the week. It is necessary that this action shall be done every week to make the proceedings legal.

The February and March terms will be adjourned sine die at the same time. It is a formal proceedings and neither Thaw nor his lawyers are requised to appear.

War on Jews.

Bucharest, Roumania, March 22.—The pogrom in Roumania is assuming proportions as serious as the massacres in Bessarabia which shocked the world. The aroused peasants, who hitherto have refrained from killing, are now bloodmad, and every Jew who offers the slightest resistance is put to death instantly.

In the last twenty-four hours seventy-five murders have been reported and over three hundred Jews have been badly wounded. Numerous cases of horrible outrages perpetrated against women have come to light.

Jews, in order to save themselves from attack by the mobs, are putting ikons and crosses in their windows to deceive the peasants. Local authorities have lost all power to maintain order and openly complain that the goverament has not given them sufficient support. The prefect of Ivasen has resigned because the government sent no troops in answer to his demands.

Absentee landlordism and sub-letting of the land in great tracts to rich farmers are directly responsible for the present trouble. The land for the most part is owned by Jews, who live abroad. They have leased it to Christians who in turn sub-let it in small tracts to the peasants. Prohibitive rents are charged by the lease-holders. These men have convinced the peasants that the Jewish landowners are to blame for the rents and that the land will be much cheaper if all the Jews are driven from the country.

Work of Train Wreckers.

Pittsburg, Pa., March 22.—Train wreckers tampered with the Pennsylvania tracks near Stewart Station, east of Pittsburg, about 4 o'clock this morning and sent the New York and Chicago limited into the ditch, injuring many of the passengers and crew. Only three Pullmans remained on the tracks. The mail car, baggage car, and three forward sleepers followed the engine. The train was going thirty-five miles an hour when the bad rails were struck. The Pennsylvania officials here say the evidence of the work of wreckers is unmistakable, but no motive has been suggested.

Among the passengers was Mayor Tom L. Johnson, of Cleveland, who was slightly bruised, and suffered severely from shock. Engineer W. M. Gettemy was severely hurt about the back and neck. The fireman was badly hurt and a brakeman's legs were crushed. Holland C. Webster, assistant district attorney of Toledo, O. sustained severe injuries to his right leg. J. Snyder, of New York, patentee of the new steel Pullman car, was among those slightly hurt.

Fire followed the wreck and one of the cars, which was jammed into the engine, was burned. The railroad officials have rushed special agents to the scene and other means of tracing the possible wreckers were employed.

Among those slightly injured were: William Small, attorney, of Washington, en route to Chicago; Miss Lou Henekel, Mrs. G. A. Wood and E. F. Caffin, all of Washington.

Supposed Suicide.

Baltimore, Md., March 22.—The body of a man, supposed to be George L. Irving, a moulder, of Wilmington, Del., was found in Jones' Falls, a stream which at present forms part of the drainage system of Baltimore. The throat of the man was horribly gashed. The body was found directly beneath the Baltimore and Ohio Railroad bridge. Upon searching the remains a book of the Wilmington Lodge of the Moulders' Brotherhood, bearing the name George L. Irving, was found nearby. It is thought the man committed suicide.

Southern Immigration.

Washington, March 22.—President Roosevelt today made public the decision of Attorney General Bonoparte which was rendered upon request of the Executive who has received certain questions bearing upon the subject of immigration from Governor Ansel of South Caolina. Briefly the Attorney General finds that the State would be violating no law if it advertise its wage scale and inducements to prospective immigrants abroad, provided that no contract, expressed or implied were made; provided there is no such contract, the state may prepay the passage of an immigrant to its borders, if the immigrant to free to choose his own employment when he arrives; the State may without liability under the federal law accept contributions for the purposes of advertising its advantages abroad, and the immigrants who come in response to these inducements will be allowed to enter, but the parties who make the contributions to the State for the same purpose may subject themselves to prosecution; under the new law, the attorney general holds the status of both State and immigrant will be different. When this statute goes into effect on July first all immigrants induced to migrate from their homes by reason of inducements, offers or promises, even when no contract is made, will be excluded. In the next place the new law will exclude the immigrant where passage is paid by any corporation, association, society, municipality or foreign government but curiously enough does not prohibit a State from thus preparing passage money. Neither the old nor the new law, the attorney general says, prohibits the importation of skilled laborers when the like cannot be found unemployed in this country.

The Raynor Trial in London.

London, March 22.—Interest almost equal to that attracted by the Thaw trial in New York centered today on the case of Horace George Raynor, who was arraigned for the murder of Wm. Whiteley, the multi-millionaire dry goods merchant, on January 24. The most sensational event of the opening day was the destruction of the fiction woven by Raynor that he was an illegitimate son of Whiteley. Prosecutor Muir, in his opening statement, declared that the prisoner was three years old before any member of his family had become acquainted with Mr. Whiteley. Subsequently he was borne out in his statement by Louise Turner, mother of the prisoner, who declared that it was not until three years after Raynor's birth that she went to live under Mr. Whiteley's protection. The prosecutor declared that Raynor knew of the cloud over the birth of Cecil Whiteley, his half-brother, who was born in 1885, and that he sought to use this knowledge to blackmail his victim.

Raynor was later found guilty of murdering Whiteley. An appeal will be taken.

Destructive Fires.

Randolph, Mass., March 22.—Fire threatened to wipe out the centre of this city today, and the business district was saved only after aid had been rushed from Brockton and Holbrook. The blaze started in the Warren House, a two and a half story structure, and quickly spread to the plant of the Royal Shoe Company. Both these buildings were destroyed and six other smaller structures were lost. A high wind was blowing, and it was with the greatest difficulty that the firemen prevented a general conflagration. Sparks were carried into the residential district, and at one time half a dozen roofs were burning.

Pensacola, Fla., March 22.—A loss of $175,000 was sustained today by the burning of building No. 1 of the Pensacola navy yard. The machinery and equipment for the gunboats Gloucester and Isle de la Luzon were destroyed. Valuable machinery was lost in the blacksmith shop, power house, and boiler factory, all of which were in the building.

A Husband's Revenge.

Goldfield, Nevada, March 22.—Count Constantine Podhorski, a Pole of royal birth, was shot last night by J. C. Hines, a miner, from Nome, Alaska. The count and a fashionably dressed woman were sitting in a restaurant when Hines entered. Walking up to the Pole, he drew a revolver and fired five shots into his body, all of which took effect. The count fell over lifeless Hines laid the weapon on a table mounted a chair and said: "Listen, friends, I have been tracing this man for months. I have come seven thousand miles to kill him. He is dead at your feet. This woman who was with him is my wife. I have had my revenge, and am willing to take my medicine." All the parties are wealthy, the count having very large mining interests. Hines is held here pending an inquest.

Oxford Wins.

London, March 22.—In the dual athletic meet between Oxford and Cambridge today, the former won the score of 8½ to 1½. Americans were very prominent in the different events, the Rhoads scholars from the United States, now students in Oxford, capturing three firsts and one second.

P. M. Young, of South Dakota, won both the long and the high jumps, covering 22 feet 4 inches in the former and five feet 8½ inches in the latter. In the hammer-throwing, Stevens, formerly of Yale, threw the weight 136 feet 9 inches, which is a record for the games.

W. E. Schutt, formerly of Cornell, finished second in the half-mile run.

Morgan Denies Charge.

Liverpool, March 22.—J. Pierpont Morgan says he did not do it. The great American financier arrived here today and when met at the dock and asked what he thought of the success of his efforts to have the American railway presidents go to Washington for a personal inspection of "The Big Stick," denied emphatically that he had ever suggested such an expedition. Except for this declaration Mr. Morgan refused to discuss the railway situation in America, saying that he was more interested in a "good thing" which he has in the Grand National race to be run this afternoon.

Ruef Held Like Prisoner of War.

San Francisco, March 22.—Abraham Ruef is being held today like a prisoner of war in a room at the St. Francis Hotel and the armed guards about him have orders to shoot to kill if he tries to escape or if any effort is made to rescue. Ruef, who is under indictment for bribery, on sixty-five counts, and whose bail was fixed today at $650,000, is cut off from every privilege.

Pincushion Gizzard is Found.

Oxford, Pa., March 22.—A pincushion gizzard was found here. This bird was killed by Mrs. Hiram Cooper, of Andrews' Bridge. In cleaning the fowl she found twenty seven pins sticking through the gizzard.

Mrs. Cooper says that she frequently had noticed how the chicken came around where the woman were, and she believes it was only in the hope of finding some of the pins which seemed to be its favorite dainty. The rooster was the largest and fattest of the flock.

Wife Murder and Suicide.

Bowling Green, O., March 22.—Because he did not approve his wife's solicitude for her sick father, Doctor Bean, of North Baltimore, pounded her head into an almost unrecognizable mass with an axe. He then shot himself to death.

Eremon Wins.

Liverpool, March 22.—Eremon won the three thousand sovereign national handicap today, with Tom West second and Pat Lander third. Twenty-three horses went to the post.

[COMMUNICATED.

The Judgeship—"An Important Publi. Question."

Not alone "an important public question," but one the sovereign people of this State would ask the executive to answer, when rendering the account of his stewardship.

By the resignation of the Hon. C. E. Nicol, judge of the Sixteenth Judicial Circuit, the office became vacant.

On the 11th day of March, 1907, Governor Swanson appointed (or designated, it matters not,) by "commission" Judge L. C. Barley, of the Corporation Court, of Alexandria, Va., to fill that office, and, under and by authority of said commission, Judge Barley is now holding court at Fairfax, Va.

Under the constitution of Virginia, article V. (not VI.), sec. 73, the appointing power is given to the governor (the legislature not being in session) to fill this vacancy, but, surely, the constitution did not empower the governor to issue a commission to Judge L. C. Barley, nor any other judge in office, to fill this vacancy. And why? Because article VI., sec. 105, of this same constitution (that the governor, as well as the humblest citizen, must bow to and obey,) reads: "No judge shall hold any other office of public trust during his continuance in office."

Why waste time, then, in dissertations and discussions upon this or that statute when the constitution of this State says thou shalt, and thou shalt not? In other words, no man under the constitution shall be the judge of the Corporation Court and the Circuit Court at the same time.

Judge Barley, under this commission, is judge of the Sixteenth Judicial Circuit; and if he has resigned from the office of judge of the Corporation Court for the city of Alexandria, Va., we have not heard of it.

These being the facts, it would seem the Governor is in grave error and the people left in a state of confusion worse confounded; and but for the strong men and statesmen of this old Commonwealth who, like the "Old Guard," are ever on the "Qui Vive,"

Confusion would dwell in every face,
And fear in every heart. J2

The Aqueduct Bridge.

Steps will be taken by the War Department in the near future to replace pier No. 1 of the Aqueduct Bridge, which will require an expenditure of $80,000. This sum was included in the sundry civil bill passed at the last session of Congress. The Aqueduct Bridge, originally designed to carry over the waters of the Chesapeake and Ohio canal, was built in 1833 under a charter granted by Congress in 1830. It was completed in 1843, after ten years of labor, and was considered one of the bridge marvels at that time. Congress originally appropriated $100,000 for the work and subsequently gave $300,000 more. The whole cost of the aqueduct was $600,000, the canal feeding the aqueduct $500,000, and the locks at Alexandria $50,000. In 1861, the United States took possession of the aqueduct, drew off the water, and converted the bridge into a means of transporting troops and war munition. It was used as a public road, free of toll, until after the war, when it was turned over to the aqueduct company. The company, however, found the structure too dilapidated to repair except at great cost, and in consequence leased it to Henry M. Wells, Philip Quigly, and William W. Duncan for ninety-nine years, with the understanding that it should be rebuilt. This was done in 1868, but the bridge proved unprofitable as an investment. Congress in 1881 agreed to appropriate $140,000 to again construct the bridge, but in lieu of this gave $85,000 to Messrs. Wells, Quigly & Duncan to surrender their interests. Since that time the bridge has been under the control of the War Department.

The Fairfax Bar.

In talking to a representative of the Gazette today in reference to the resolutions adopted by the Fairfax bar yesterday, Mr. R. W. Moore said that there was, not the slightest intention to criticise or in any way reflect upon Judge Barley, who is temporarily holding the courts in this circuit, and that the resolutions simply meant to express the firm conviction of the bar that the circuit should have a judge of its own, and that the governor should not wait upon the legislature, but make an appointment at once. Mr. Moore also said that the action of the bar was dictated by their view of what they considered the highest interest of the public. He added that so far from criticising Judge Barley the members of the bar had but the kindest feelings for him.

Washington Navy Yard.

There is said to be a prospect of the assignment of more work by the Navy Department to the Washington navy yard and the consequent increase of the working force there. There are about 4,000 workmen now employed, and it is said Capt. Leutze, the commandant, has been exerting his influence to get for the establishment as much of the ordnance work of the navy as possible. The gun factory, it is understood, is to manufacture thirty-seven twelve-inch rifles, as a Pennsylvania company has thrown up the contract.

Easter Sunday.

Easter Sunday this year comes on March 31st, which is unusually early, and it is not often that it makes its appearance at that early date. "An early Easter an early spring," is an old saying, but it is not often that it comes in the month of March. The next time that it comes during the month of March will be in 1917, or ten years hence, but the last time it came in the same month was about fifteen years ago. Whether its early appearance in 1907 will bring an early spring can be better judged after spring comes.

Odd Fellows' Anniversary.

As has been stated, Potomac Lodge of Odd Fellows will celebrate their 68th anniversary at their hall on north Columbus street to night. All arrangement have been completed and an enjoyable time is anticipated by all who will attend. A feature of the evening will be an address by Sovereign Grand Secretary John B. Goodwin, of Baltimore. He will hold a reception at the Hotel Rammel from 5 to 7 o'clock this evening, and will then be escorted to Odd Fellows' Hall by a committee from Potomac Lodge.

Judge Barley.

The March term of our Circuit Court convened here on Monday last, Judge Louis C. Barley, of the Corporation Court of the city of Alexandria, presided, having been designated by Gov. Swanson to hold the courts of this circuit until the vacancy of this circuit until the vacancy occasioned by the resignation of Judge Nicol is filled. Judge Barley made a fine impression. His bearing on the bench, as elsewhere, was pleasant and dignified, and he made an industrious and efficient judge.—[Fairfax Herald.

A. L. I.

The Alexandria Light Infantry, Company G, 70th Regiment will have their annual inspection at the armory tonight. The inspection will be made by Col. C. A. Dempsey, U. S. A., retired. The members will be attired in full dress uniform, and the company will be in command of Capt. P. J. Murphy, First Lieut. W. W. Demaine and Second Lieut. R. C. Talbot. At the same time Maj. James E. King, of the 2d Battalion, and his staff officers will also be inspected.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Linda Lovell, colored, arrested by Officer Arrington charged with disorderly conduct and with destroying the property of Fannie Steward, colored, was dismissed.

A white man, arrested by Officer Arrington charged with assault, was dismissed.

Hugh Churchfall, colored, arrested by Officer Beach charged with disorderly conduct, was dismissed.

Personal.

Miss Frances Carr, of Newport News, is visiting her sister, Mrs. Gardner Boothe, in this city.

Mrs. Julia English, of Baltimore, is visiting her daughter, Mrs. George H. Robinson, in this city.

Mrs. J. L. Libbey, of Boston, who is spending the winter at the Hamilton Hotel, in Washington, has been the guest for a few days of her friend, Mrs. M. P. Greene, on Royal street.

Mr. R. E. Knight has returned from New York, where he went on business.

Rev. J. W. Kirk and family, of Baltimore; Mr. P. R. Bruin, of Atlanta, and Mrs. C. B. Middleton and daughter, Miss Lillian, who have been the guests of Mr. and Mrs. H. D. Kirk during the past week, have returned to their respective homes.

Miss Elizabeth Bettert, of Culpeper, is visiting her sister, Mrs. H. D. Kirk, on Columbus street.

Mr. David Lannon, of New York, was in the city today on legal business.

Mrs. J. R. Smoot, Miss Laura Smoot and Miss Gertie Brookes are visiting Mrs. George Wise on Seminary Hill.

Mayor Paff has received from Governor Swanson a copy of the latter's proclamation designating April 1st as Arbor Day. The proclamation has heretofore been published in the Gazette.

Mr. A. D. Montier has resigned as general manager and member of the board of directors of the American Lokthe Company, of this city, and his resignation has been accepted. Mr. Montier will remain in this city, however, and will shortly engage in another enterprise.

Mr. Addison Marbury, of Charles county, Md., was in this city today on a short visit to friends.

Col. Francis L. Smith, who has been confined to his home for the past few weeks with a severe cold, is able to be about again.

Rev. J. T. Jacobs, of Lynchburg, will preach next Sunday morning and at night in the Baptist Church in this city.

Election Points.

At the last democratic gubernatorial primary election about 8,500 votes were cast throughout the Eighth district, and the politicians of the district estimate that the congressional candidate who gets 1,500 to 3,000 votes in the next primary will be successful. The presence of so many candidates in the field makes the political situation a complex one, and it is impossible to estimate the relative strength of the aspirants. It is conceded, that the candidates will carry their home counties. Each is making a determined fight, and those who are silent voters are curiously awaiting the result.

Charged with Theft.

Chief Goods and Officer Ferguson yesterday went to lower Fairfax county, where they arrested David Dodson, white, and David Garrett, colored, on suspicion of stealing copper trolley wire belonging to the electric railroad company at New Alexandria and Mount Vernon. The two men were brought to this city and placed in the station house. Dodson later admitted that he was a party to the theft, saying that he aided in placing the wire in a wagon and that it was brought to this city and sold. The railway company has recently lost between $700 and $1,000 worth of wire.

Preparing for the Trial.

As has been announced, the trial of William Johnson, alias Midgets, colored indicted for shooting and killing Charles T. Smith on upper King street on the 20th of last October, will be called in the Corporation Court of this city next Wednesday. Judge Barley has ordered the summoning of one hundred persons from whom the jury will be selected. As heretofore stated Judge Barley has assigned Messrs. Douglass Stuart and Howard W. Smith to defend the prisoner. Commonwealth's Attorney Brent will prosecute the prisoner.

Palm Sunday.

Next Sunday will be Palm Sunday, the beginning of Hold Week, the most solemn period of the Christian church year and the last week of the Lenten season. In the Catholic, Episcopal and Luthern churches events preceding the crucifixion will be commemorated. After Holy Week comes Easter, with its joyful celebration of the resurrection.

March 22 being the earliest date for Easter, the day falling on the 31st this year is earlier than usual.

Funeral.

The funeral of Mrs. Alice DeK. Shattuck took place from her late residence on Prince street this afternoon, Rev. J. R. Sevier, officiating. The pallbearers were Messrs. J. C. Milburn, S. H. Lunt, A. C. Slaymaker, Frank S. Harper, F. F. Marbury and Thos. W. Robinson. The interment was in the Presbyterian Cemetery. The funeral was attended by a number of relatives and friends of the family.

Basketball.

The Alexandria Athletic Association basketball team will have the Central Y. M. C. A., of Baltimore, here tomorrow night. The Centrals have not met defeated this season having played their closest game with the Bellvedires who were seen here against the Alexandrians Jan. 19th., and their playing is remembered by all who attended the game. This game resulted in a tie.

Quarterly Conference.

The third quarterly meeting of the Free Methodist Church begins this evening. Rev. A. G. Miller, district elder, will be present and preach at 7:30 o'clock.

The Passover.

The Jewish Feast of the Passover will begin tonight week. Services appropriate to the occasion will be held in the synagogue on north Washington street in this city.

"She Stoops to Conquer."

The combination of Crane and Jeffreys appearing in a revival of the Goldsmith comedy, "She Stoops to Conquer," at the Columbia Theatre, Washington, for one week's engagement commencing Easter Monday, April 1st, has aroused theatregoers all over the country. It is a combination of all that is best in theatredom, presenting as it does the production of a classic that has withstood the test of time, interpreted by a cast of players that is unapproachable for its artistic excellence. The joining together as stars of William H. Crane and Miss Ellis Jeffreys was a stroke of genius engineered by Charles Froham and the firm of Liebler & Company. Added to the cast, which is of an all-star variety, will be found also Miss Margaret Dale, late leading lady for John Drew, Miss Fannie Addison Pitt, known as one of the best all around actresses on the American stage; Leslie Kenyon, the past season with Richard Mansfield; Robert Hale, Mr. Crane's leading man; Herbert Sleath, leading man for Miss Jeffreys, and a score of other artists, all of equal prominence. Mr. Crane is well known to American audiences. He is a comedian of the old school, who has delighted several generations of theatregoers. Miss Jeffreys is not so well known, as this is her first extended American tour. New York, Chicago and Philadelphia have heretofore been the only cities visited by her. There is probably no actress in England today, who in the estimation of the best informed, stands higher than Ellis Jeffreys. For not alone has she the talent to have held for three years the exalted position of leading lady at the Haymarket Theatre, London, but she has health, beauty, and rare versatility. The revival of the famous comedy is a notable event in this year's dramatic history and it is certain that the appearance of this exceptional company in "She Stoops to Conquer" will be an advent that will be remembered far into the future. Already theatre parties from all the surrounding towns in the vicinity of Washington are forming in large numbers to add to the importance of the engagement.

Extensive Improvements.

The Alexandria Steam Laundry Company has just finished the equipment of a new and thoroughly modern washroom in its plant at the corner of Prince and Fairfax streets. The room is 26 by 32 feet and has a new concrete floor with gutters running the entire length of the room, directly under the wheels, with connections to the sewer. The new wheels are of the latest models, and are operated by electric motors. The extractors are also of the latest pattern and are operated by electricity, furnished by the company's own electric plant. The Alexandria Steam Laundry Company is strictly a home industry, chartered under the laws of Virginia, and subject to the State Corporation Commission, and all of the stock of the company is owned by Alexandrians. Thirty odd people are given steady employment. The company does laundry work of every description, and the quality of work and service under the new and improved equipment cannot be surpassed. The officers of the company are: Geo. B. Kennedy, President; Harrie F. Wheat, Secretary and Treasurer; John S. Finnell, General Manager, and Wm. Peck, Superintent of plant. The company only recently secured the services of Mr. Finnell, who comes from Baltimore, where he has had long experience in the laundry machinery and supplies business, and of Mr. Peck, of Washington, who is one of the best known and most capable laundrymen of the capital city. In addition to these gentlemen the company still retains the valuable services of Mr. Wm. Baker.

Entertainment Last Night.

The musical and literary entertainment given last night in Confederate Veterans' Hall by the Ladies' Aid Society of the Baptist Church, was well-attended and greatly enjoyed. An address was delivered by Rev. Charles D. Bulla, pastor of the Washington Street M. E. Church South, which was listened to with close attention by the audience.

Through the breaking of a trolley an electric car became stalled on a crossing of the Michigan Central Railroad at Detroit, Mich., today. The car, filled with workmen and children, was cut in two. Two men were fatally hurt and a dozen school children, mostly girls, badly injured.

Homer Group in Bronze.

President Alderman, of the University of Virginia, received a letter yesterday from Sir Moses Ezekiel, the noted Virginia sculptor, who has lived in Rome for many years, saying that the Homer group in bronze, donated to the university by J. W. Simpson, a New York attorney, had been shipped from Rome on March 8, and would reach the university in ample time to have the unveiling ceremonies during commencement week in June.

The group of Homer and his attendant youthful guide will rest upon a splendid black polished marble base and pedestal, the gift of the sculptor himself. The statue measures nearly five feet from front to back, is three feet broad and nearly six feet in height. The pedestal itself is five feet high, which will make the total height of the statuary fully twelve feet. The group will be placed in the triangle at the south end of the lawn.

Sir Moses Ezekiel is also at work upon another statuary for the University of Virginia—a heroic bronze figure of Jefferson, standing upon a striking pedestal composed of a large liberty bell, surrounded by four winged figures of allegorical significance, in high relief. The figure, which is very finely conceived, will rest upon a dark red marble pedestal—the whole very impressive.

The statue of Jefferson will be a replica of the larger one which was unveiled in Louisville, Ky., a short time ago. Dr. Thomas Nelson Page, of Washington, D. C., former president of the General Alumni Association of the university, has assumed the provision of the amount needed for the Jefferson monument.

Health in Canal Zone.

The high wages paid make it a mighty temptation to our young artisians to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by E. S. Leadbeater & Sons, druggists 50c.

Mr. Vanderbilt's Offer.

Mr. George W. Vanderbilt has offered rewards of money to townships and communities in western North Carolina for the protection of his lands of between 225,000 and 250,000 acres. Mr. Vanderbilt agrees to give townships and communities in his estate, traversing five counties, stipulated sums annually provided no depredations occur in this time. Mr. Vanderbilt has sustained a heavy loss ever since he bought his estate at Biltmore, twelve or fifteen years ago, on account of depredations by mountaineers, which have been especially destructive to the forests and game. It is principally to save the forests, which abound in much valuable timber lands, that he has asked the townships for their cooperation. There have been many serious forest fires of late.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by E. S. Leadbeater & Sons, druggists.

Little globules of sunshine that drive the clouds away. DeWitt's Little Early Risers will scatter the gloom of sick headache and biliousness. They do not gripe or sicken. Recommended and sold here by W. F. Creighton & Co., 401 King street.

Looking for Pythagoras' Tomb.

The excavations at Metapontum, on the Gulf of Taranto, southern Italy, have resulted in the discovery of many Greek tombs, some covered with enormous tiles, other with cylinders and still others with stones. One tomb, evidently that of a distinguished personage, was made of large, heavy blocks of stone, covered with Greek lettering, and had inside a skelton, intact, with vases and other objects.

The tombs belong to the Fourth Century before Christ. Interest in the discovery has been heightened because the great Greek philosopher Pythagoras was buried at Metapontum, about 500 B. C., and as his tomb still existed at the time of Cicero, who died in 43 B. C., it is hoped that it may be found.

A Humane Appeal.

A humane citizen of Richmond, Ind., Mr. U. D. Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more lives than all other throat and lung remedies put together. Used as a cough cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness, and phthsic, stops hemorrhages of the lungs and builds them up. Guaranteed at E. S. Leadbeater & Son's drug store. 50c and $1. Trial bottle free.

To remove a cough you must get at the cold which causes the cough. There is nothing so good for this as Kennedy's Laxative Cough Syrup. The liquid cold relief that is most quickly effective, that stills and quiets the cough and drives out the cold. Sold by W. F. Creighton & Co., 401 King street.
